

★ 5 OB Models (Very Simple)

1. Autocratic Model

👉 Boss says → Employees do

- Only boss has power
- Based on **power & authority**
- Employees just follow orders
- Motivation = fear
- Communication = **one-way (top → down)**
- Employees feel **dependent on boss**

✅ Example: Strict teacher / army style

2. Custodial Model

👉 Company gives money & benefits

- Company takes care (money focus)
- Employees stay for salary, job security
- They feel safe
- Based on **salary, benefits, job security**
- Employees depend on **organization**
- Motivation = **rewards & benefits**

✅ Example: Government job

3. Supportive Model

👉 Manager supports employees

- Based on **leadership & motivation**
- Manager **encourages employees**
- Employees feel **important**
- Motivation = **recognition & support**
- Communication = **two-way**

- Higher job satisfaction

✓ Example: Friendly manager helping team , Good team leader in IT company

4. Collegial Model

👉 Everyone works as a team

- No boss feeling, all are partners
- Cooperation and teamwork
- Based on **partnership**
- Boss = **team member (not strict)**
- Employees feel **responsible**
- Motivation = **self-discipline**
- High cooperation & teamwork
- Open communication
- Employees feel **ownership**

✓ Example: Startup teams, group projects

5. System Model

👉 Care for people + growth

- Focus on employee happiness + company success
- Trust and good environment

👉 Modern model (best one)

- Based on **trust & relationships**
- Focus on **employee growth + company success**
- Motivation = **commitment**
- Strong organizational culture
-

✓ Example: Companies like Google , Microsoft

Easy Trick

👉 A C S C S

👉 Auto – Custodial – Supportive – Collegial – System

Model	Focus	Motivation
Autocratic	Power	Fear
Custodial	Money	Benefits
Supportive	Leadership	Encouragement
Collegial	Teamwork	Self-discipline
System	Trust	Commitment
